

Wir suchen DICH!

Hast du Interesse, dich an einem internationalen digitalen Jugendprojekt zu beteiligen? Willst du deine Englischkenntnisse auf ihre Alltagstauglichkeit testen? Schreibst du gerne und bist ein*e Wortakrobat*in? Magst du den Blick über den Tellerrand und wolltest schon immer mal wissen, welche Youtuber oder Influencer es z.B. in Ghana gibt?

We need YOU!

Are you interested in becoming part of an international digital youth project? Would you like to work on your English language skills by just talking and writing freely? You like writing and creating your own stories? Do you like checking out what's going on outside the box and finding out which Youtube- and Instagram-Star is most popular in Ghana?

Welcome to "Same same but different"!

Together with a small group of Ghanaian youth we create stories and work on assignments given to the group once every second week. In international teams you work on the assignments, write together, create your own written pieces and catch a glance into each others realities of life...and all of this online.
